THE PEONY GARDENS

Ten miles northeast from Hastings
Twenty south from Grand Island

Herbert F. Warren
Trumbull, Nebraska

Mar., 18, 1940.

Mr. H. P. Gould
Washington D. C.

Dear Neighbor:-

I thank you for letter of
Mar., 9. with request to have the
department address permanently
on my mailing list.

This is done and I enclose my
1940 list as desired.

I do not do much in the catalogue
line. Depend mostly on getting
crowds here to enjoy the gardens
free of charge and let folk see
for themselves the many new
varieties which I cannot justly
describe.

I have spent the most of a lifetime
originating new varieties and have
a lot of them covering about a dozen
acres.

Would be pleased if you could see
them in bloom. Yours, Herbert F. Warren.

1935 WELCOME & 1940
TO THE PEONY GARDENS
NOW BLOOMING

10 miles northeast from Hastings,
20 south from Grand Island.
Address, Trumbull, Nebr.

Will it ease your cares a little, sponsor in your
heart a joy;
Lend a trifle of sweet pleasure to your little girl or
boy,
To rove o'er the hills and vallies 'mong the flowers
and the trees;
View the blooms and smell the fragrance wafted on
the soft June breeze?

Then we'll bid you come and welcome to enjoy the
season's bloom,
That proclaims Christ's resurrection from the dark-
ness of the tomb;
View the iris' silken luster in their many rainbow
hues.
Wear your calicos and dusters and your old every-day
shoes,

For the fields are soft and mellow where the peon-
ies nod and sway.
Bring your dinner if it pleases you and enjoy the
grounds all day.
Should you wish to gather flowers to your dining
table grace;
Take home in a jar of water; you may cut them any
place.

Our old price will be our new one; just a nickel for
a stem.
Ten to twelve inch is the best length to preserve the
life of them;
But you're welcome to enjoy them tho you wish or
not to buy.
Short the season of their beauty and it soon will be
passed by.

Respectfully yours,

HERBERT F. WARREN.

*Usually in bloom the first
week in June. Herbert F. Warren.*
